## **Risk Assessment**

Offsite – Site Specific Risk Assessment

This risk assessment form must be completed by coaches who are taking groups on a trip on water away from the waterways local to the club boathouse (ie. not Osney to Sandford, Godstow, Cherwell and the Canal Circuit etc)

Stage 1: Identify the venue and look for any hazards

Stage 2: Decide who might be harmed and how

Stage 3: Evaluate the risks arising from the hazards and decide whether existing precautions are adequate or more should be done

Stage 4: Sign the Assessment to show you have considered all hazards, precautions and required actions

Stage 5: Provide a copy of the Risk Assessment to the Safety Officer for review and approval prior to the trip.

| Name of Coach               | Signature     |  |
|-----------------------------|---------------|--|
| Venue of trip               | Date of trip  |  |
| Safety Officer<br>signature | Approval Date |  |

When planning an offsite trip the coach will, in the first place, assess all the risks outlined on the clubs generic Risk Assessment form. However, there may be risks specifically associated with the offsite location and these are addressed on this form.

| List of Hazards              | People at risk   | Risk control   | Further action/comments   |
|------------------------------|------------------|--|---|
| Unfamiliarity of location    | All participants | Coach/ organizer to<br>ensure that they are<br>familiar with the local<br>water and associated<br>hazards  |   |
| Inappropriate<br>instruction | All participants | Instructors to hold<br>appropriate and<br>current BCU<br>Coaching<br>qualifications for the<br>prevailing conditions<br>including first aid<br>award<br>Supervision levels to<br>be appropriate to the<br>size and competence<br>of the group<br>Large groups to be<br>split into smaller<br>manageable groups |   |
| Water and weather conditions | All participants | Coach to explain that<br>participants are not<br>allowed on the river<br>when red flag   | Coach to check<br>weather and water<br>conditions before<br>session |
| Other Events on the<br>Water | All participants | Coach to be aware of<br>planned events and<br>plan session<br>accordingly  |   |

| <b></b>         |                  |                          |  |
|-----------------|------------------|--------------------------|--|
| Wiers and Locks | All participants | Ensure that participants |  |
|                 |                  | are aware of the         |  |
|                 |                  | dangers associated       |  |
|                 |                  | with local wiers and     |  |
|                 |                  | locks.                   |  |
| Bridges         | All participants | Ensure that participants |  |
| blidges         | All participants | are aware of the         |  |
|                 |                  | dangers of water near    |  |
|                 |                  | and under local bridges  |  |
|                 |                  |                          |  |
| Add more below  |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
|                 |                  |                          |  |
